

FRONT AVENUE Open House

The City of Saint Paul Department of Public Works is hosting an informational open house on Wednesday, May 6th to present proposed changes to Front Avenue from Lexington Parkway to Dale Street. The proposed design would be implemented with Ramsey County's planned street resurfacing scheduled for the summer of 2015.

What is being Proposed?

The City of Saint Paul, in conjunction with Ramsey County, is proposing to implement bike lanes on Front Avenue between Lexington Parkway and Dale Street. This segment of Front is identified in the Saint Paul Bicycle Plan, and provides important connections between existing bike facilities on Lexington, Como, and Dale. The City's Comprehensive Plan promotes the development of streets for all users of the transportation system, and the proposed changes will make Front Avenue a safer and more accommodating street for all.

Changes to On-Street Parking

To implement dedicated bike lanes, all existing parking on the south side of Front Avenue between Lexington Parkway and Dale Street must be removed. All existing parking on the north side of Front would be maintained.

At the Open House

- Preliminary layouts will be available for viewing.
- City of Saint Paul and Ramsey County staff will be available to answer questions and address concerns about the proposed plan.
- Comment forms will be available to provide feedback on the proposed plan.

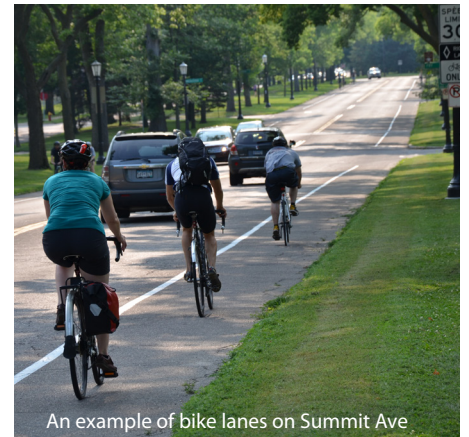

After the Open House

- A question asking for feedback on the plan for bike lanes on Front will be posted to Open Saint Paul. Link: www.stpaul.gov/open
- The proposed changes to Front will be presented to City Council. **This will be a public hearing.** We will mail an additional notification detailing the time and date of the public hearing once details are finalized.
